

ARIZONA

The simple choice for energy efficiency.

April 2017

Families and businesses are saving with the help of ENERGY STAR®

Arizona is home to more than **267** businesses and organizations participating in the U.S. Environmental Protection Agency's ENERGY STAR program:

- 23** manufacturers of ENERGY STAR certified products
- 11** companies supporting independent certification of ENERGY STAR products and homes
- 119** companies building ENERGY STAR certified homes, eight of which are committed to building 100% ENERGY STAR

as well as many businesses, school districts, governments, and faith-based groups using ENERGY STAR resources to reduce energy waste in their facilities.

U.S. Airways Headquarters, Tempe, AZ. ENERGY STAR certified since 2000.

Across the state of Arizona

- 2,971,663 customers** served by ENERGY STAR utility partners
- 158,727 homes** have earned the ENERGY STAR
- 7,527 buildings** (more than 550 million square feet) have been benchmarked using EPA's ENERGY STAR Portfolio Manager
- 723 buildings** have earned the ENERGY STAR for superior efficiency, including 214 schools, 16 hotels, 7 hospitals, 207 office buildings, and 4 industrial plants

Recent Partner of the Year Winners

- Arizona Public Service
- AZ Energy Efficient Home
- Best Energy Rating and Consulting LLC
- E3 Energy LLC
- Fulton Homes
- Mandalay Homes
- Meritage Homes
- Salt River Project Agricultural Improvement and Power District

State Spotlights

"Through the inspection, testing, quality assurance, and training processes, **Meritage** utilizes ENERGY STAR as an integral validation of the entire design and construction processes. Our accomplishments reflect a continual partnership with the US EPA's ENERGY STAR staff and programs." – **Meritage Homes**

"The tools provided to the **Washington Elementary School District** through ENERGY STAR are outstanding! The District took the entire ENERGY STAR planning process and implemented it meticulously. After one year, the District reduced electric energy consumption over 33 campuses by **15 percent** and natural gas consumption by **10 percent!** Halfway through year two, the District has reduced electric consumption by **21 percent** across 34 campuses! We are telling others that energy conservation does not have to cost a lot of money if you use ENERGY STAR tools." – **Sue Pierce, Director of Facility Planning & Energy, Washington Elementary School District. Phoenix, AZ**

"Why is Fulton committed to building only ENERGY STAR certified homes? Because this certification ensures that you get a better house." – **Fulton Homes**
